

**IN THE UNITED STATES DISTRICT COURT
FOR THE EASTERN DISTRICT OF TEXAS
MARSHALL DIVISION**

Koala Systems LLC,

Plaintiff,

v.

Portable Multimedia Ltd.,

Defendant.

Case No. 2:26-cv-625

Patent Case

Jury Trial Demanded

COMPLAINT FOR PATENT INFRINGEMENT

1. Plaintiff Koala Systems LLC (“Plaintiff”), through its attorneys, complains of Portable Multimedia Ltd. (“Defendant”), and alleges the following:

PARTIES

2. Plaintiff Koala Systems LLC is a corporation organized and existing under the laws of New Mexico that maintains its principal place of business at 1209 Mountain Rd Pl NE STE n, Albuquerque, NM 87110.

3. Defendant Portable Multimedia Ltd. is a corporation organized and existing under the laws of the United Kingdom that maintains an established place of business at 230 Blackfriars Road, London, England, SE1 8NW.

JURISDICTION

4. This is an action for patent infringement arising under the patent laws of the United States, Title 35 of the United States Code.

5. This Court has exclusive subject matter jurisdiction under 28 U.S.C. §§ 1331 and 1338(a).

6. This Court has personal jurisdiction over Defendant because it has engaged in systematic and continuous business activities in this District. As described below, Defendant has committed acts of patent infringement giving rise to this action within this District.

VENUE

7. Venue is proper in this District under 28 U.S.C. § 1391(c) because Defendant is a foreign corporation. In addition, Defendant has committed acts of patent infringement in this District, and Plaintiff has suffered harm in this district.

PATENTS-IN-SUIT

8. Plaintiff is the assignee of all right, title and interest in United States Patent Nos. 10,055,123; and 9,288,610 (the “Patents-in-Suit”); including all rights to enforce and prosecute actions for infringement and to collect damages for all relevant times against infringers of the Patents-in-Suit. Accordingly, Plaintiff possesses the exclusive right and standing to prosecute the present action for infringement of the Patents-in-Suit by Defendant.

THE ’123 PATENT

9. The ’123 Patent is entitled “Method for changing user-originating information through interaction between mobile device and information display device,” and issued 2018-08-21. The application leading to the ’123 Patent was filed on 2017-02-08. A true and correct copy of the ’123 Patent is attached hereto as Exhibit 1 and incorporated herein by reference.

THE ’610 PATENT

10. The ’610 Patent is entitled “Method for changing user-originating information through interaction with other user,” and issued 2016-03-15. The application leading to the ’610

Patent was filed on 2014-09-12. A true and correct copy of the '610 Patent is attached hereto as Exhibit 2 and incorporated herein by reference.

COUNT 1: INFRINGEMENT OF THE '123 PATENT

11. Plaintiff incorporates the above paragraphs herein by reference.

12. **Direct Infringement.** Defendant has been and continues to directly infringe one or more claims of the '123 Patent in at least this District by making, using, offering to sell, selling and/or importing, without limitation, at least the Defendant products identified in the charts incorporated into this Count below (among the "Exemplary Defendant Products") that infringe at least the exemplary claims of the '123 Patent also identified in the charts incorporated into this Count below (the "Exemplary '123 Patent Claims") literally or by the doctrine of equivalents. On information and belief, numerous other devices that infringe the claims of the '123 Patent have been made, used, sold, imported, and offered for sale by Defendant and/or its customers.

13. Defendant also has and continues to directly infringe, literally or under the doctrine of equivalents, the Exemplary '123 Patent Claims, by having its employees internally test and use these Exemplary Products.

14. **Actual Knowledge of Infringement.** The service of this Complaint, in conjunction with the attached claim charts and references cited, constitutes actual knowledge of infringement as alleged here.

15. Despite such actual knowledge, Defendant continues to make, use, test, sell, offer for sale, market, and/or import into the United States, products that infringe the '123 Patent. On information and belief, Defendant has also continued to sell the Exemplary Defendant Products and distribute product literature and website materials inducing end users and others to use its

products in the customary and intended manner that infringes the '123 Patent. See Exhibit 3 (extensively referencing these materials to demonstrate how they direct end users to commit patent infringement).

16. **Induced Infringement.** At least since being served by this Complaint and corresponding claim charts, Defendant has actively, knowingly, and intentionally continued to induce infringement of the '123 Patent, literally or by the doctrine of equivalents, by selling Exemplary Defendant Products to their customers for use in end-user products in a manner that infringes one or more claims of the '123 Patent.

17. Exhibit 3 includes charts comparing the Exemplary '123 Patent Claims to the Exemplary Defendant Products. As set forth in these charts, the Exemplary Defendant Products practice the technology claimed by the '123 Patent. Accordingly, the Exemplary Defendant Products incorporated in these charts satisfy all elements of the Exemplary '123 Patent Claims.

18. Plaintiff therefore incorporates by reference in its allegations herein the claim charts of Exhibit 3.

19. Plaintiff is entitled to recover damages adequate to compensate for Defendant's infringement.

COUNT 2: INFRINGEMENT OF THE '610 PATENT

20. Plaintiff incorporates the above paragraphs herein by reference.

21. **Direct Infringement.** Defendant has been and continues to directly infringe one or more claims of the '610 Patent in at least this District by making, using, offering to sell, selling and/or importing, without limitation, at least the Defendant products identified in the charts incorporated into this Count below (among the "Exemplary Defendant Products") that infringe at least the exemplary claims of the '610 Patent also identified in the charts incorporated

into this Count below (the “Exemplary ’610 Patent Claims”) literally or by the doctrine of equivalents. On information and belief, numerous other devices that infringe the claims of the ’610 Patent have been made, used, sold, imported, and offered for sale by Defendant and/or its customers.

22. Defendant also has and continues to directly infringe, literally or under the doctrine of equivalents, the Exemplary ’610 Patent Claims, by having its employees internally test and use these Exemplary Products.

23. **Actual Knowledge of Infringement.** The service of this Complaint, in conjunction with the attached claim charts and references cited, constitutes actual knowledge of infringement as alleged here.

24. Despite such actual knowledge, Defendant continues to make, use, test, sell, offer for sale, market, and/or import into the United States, products that infringe the ’610 Patent. On information and belief, Defendant has also continued to sell the Exemplary Defendant Products and distribute product literature and website materials inducing end users and others to use its products in the customary and intended manner that infringes the ’610 Patent. See Exhibit 4 (extensively referencing these materials to demonstrate how they direct end users to commit patent infringement).

25. **Induced Infringement.** At least since being served by this Complaint and corresponding claim charts, Defendant has actively, knowingly, and intentionally continued to induce infringement of the ’610 Patent, literally or by the doctrine of equivalents, by selling Exemplary Defendant Products to their customers for use in end-user products in a manner that infringes one or more claims of the ’610 Patent.

26. Exhibit 4 includes charts comparing the Exemplary '610 Patent Claims to the Exemplary Defendant Products. As set forth in these charts, the Exemplary Defendant Products practice the technology claimed by the '610 Patent. Accordingly, the Exemplary Defendant Products incorporated in these charts satisfy all elements of the Exemplary '610 Patent Claims.

27. Plaintiff therefore incorporates by reference in its allegations herein the claim charts of Exhibit 4.

28. Plaintiff is entitled to recover damages adequate to compensate for Defendant's infringement.

JURY DEMAND

29. Under Rule 38(b) of the Federal Rules of Civil Procedure, Plaintiff respectfully requests a trial by jury on all issues so triable.

PRAYER FOR RELIEF

WHEREFORE, Plaintiff respectfully requests the following relief:

- A. A judgment that the '123 Patent is valid and enforceable
- B. A judgment that Defendant has infringed directly and indirectly one or more claims of the '123 Patent;
- C. A judgment that the '610 Patent is valid and enforceable
- D. A judgment that Defendant has infringed directly and indirectly one or more claims of the '610 Patent;
- E. An accounting of all damages not presented at trial;
- F. A judgment that awards Plaintiff all appropriate damages under 35 U.S.C. § 284 for Defendant's continuing or future infringement, up until the date such judgment

is entered with respect to the '123; and '610 Patents, including pre- or post-judgment interest, costs, and disbursements as justified under 35 U.S.C. § 284;

- G. And, if necessary, to adequately compensate Plaintiff for Defendant's infringement, an accounting:
- i. that this case be declared exceptional within the meaning of 35 U.S.C. § 285 and that Plaintiff be awarded its reasonable attorneys fees against Defendant that it incurs in prosecuting this action;
 - ii. that Plaintiff be awarded costs, and expenses that it incurs in prosecuting this action; and
 - iii. that Plaintiff be awarded such further relief at law or in equity as the Court deems just and proper.
